

Specialized Investigative Services

Threats of physical danger, technological theft and mounting domestic security issues have become significant factors in the 21st century. In most cases, the modern-day thief or criminal is better equipped than the victim. At Vision Security Consultants, Inc., we utilize the latest technologies and tools to provide clients the best protection available.

VSC is a licensed investigation firm. Our professional investigators bring sophisticated skills, diverse expertise and a network of law enforcement and military resources to each assignment. All investigators on staff have current or prior law enforcement experience as detectives in large metropolitan cities. Our investigators have expertise in the areas of robbery homicide, military intelligence, drug recognition and expert testimony in the areas of personal injury and a variety of civil issues.

We specialize in:

Specialized Investigative Services

Risk Management

Stalking

Surveillance

Technical and Audio Countermeasures

(DE BUGGING/ANTI-WIRETAPPING)

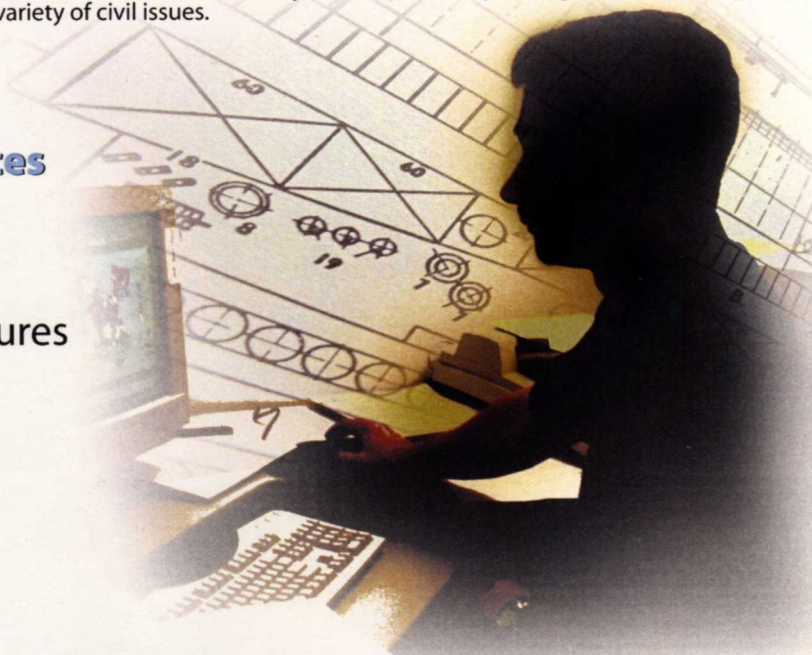

Background Screening

Civil/Criminal Investigations

Undercover Operations

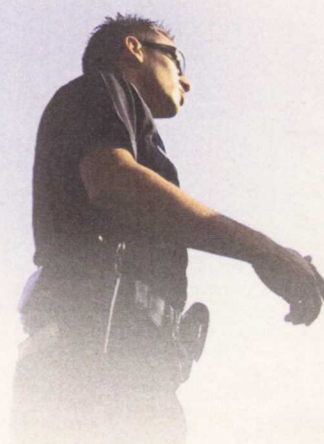

Workers Compensation Fraud

Marital/Divorce

One of the main objectives of our investigative team is to provide clients with solid facts enabling them to make the best overall decision regarding their given situation. We accomplish this in a most professional manner using the best investigative techniques available. This experience gives VSC the edge in analyzing situations and assessing whether a threat to an individual or property may be present. If such a threat is present, we recommend and implement the proper steps to provide the best protection.

Whether it is a simple public record search or complex multi-tiered investigation, our clients feel confident knowing risk is minimized by working with Vision Security Consultants, Inc. Give us a call or email today for a free consultation.
